COLORS

Super Microfibre Mop is made using the latest technology microfibers which will allow you to use only water without any detergent. Super Microfibre Mop can be used dry for dusting and damp for cleaning. Ideal for washing and drying all surfaces. It cleans all types of flooring thoroughly removing even the most obstinate dirt effectively. It has exceptional absorbing capacity.

The dirt removed is held by the strips of the mop until they are rinsed.

Strong and long-lasting.

Continuous strip construction, will not lint. For an even deeper clean.
