Packing	20 packages per carton
Pallet Eur H.250 cm	80 Cartons

Roll of single use electrostatic tear-off sheets for use with the DUST-CATCHER dust mop. The practical roll format with 60 sheets assures a constant supply. The cloth captures dust, hair, crumbs and everyday dirt, trapping it in the web of its fibers. For use with dust mops or dusting by hand. Do not use with chemical products or on wet surfaces.
