COLORS

Daisy Floor cloth is made using the latest technology microfiber which will allow you to use only water without any detergent.

Daisy Floor cloth can be used dry for dusting and damp for cleaning. It has exceptional absorbing capacity.

Incredible the way this super microfiber fabric captures dust and absorbs up to four times its weight. Deep cleans all types of flooring, efficiently removing even the toughest grime. Reaches into the most difficult corners and gets into the grout between tiles. The dirt removed is held by the cloth until it is rinsed.

Strong and long-lasting. Available in 3 assorted colors.
