

ART. 1100

PROFESSIONAL LINE

WINDOW CLOTH EXTRA

MATERIAL

Fabric Composition	100% Viscose
Chemical composition	Latex
Product weight	250 gr/sq mt

PACKAGING

Variable according to request

Available in 160-cm height rolls (or sub-fractions), or cut in sheets. The window cloth has a porous surface in latex that guarantees maximum absorbency. Perfect for washing and drying autos, boats, motorcycles, glass, mirrors and all washable household surfaces. Grips the surface efficiently removing even the most resistant grime without leaving lint or streaks. Long lasting. Always dampen before use.
